Open 9am - 5pm
Gates close at 5pm.

Cypress Gardens has approximately 3 miles (5.6 ha) of walking paths and nature trails, and 80 acres of open swamp. The nature trails are more primitive than the paths. Each trail leads to unique discoveries and every season brings its own offerings of nature's beauty.

Guided or self-guided boats are available for touring the swamp. Guided boat ride tickets may be purchased in the Visitor Center. Visit the exhibit buildings located behind the Visitor Center for an up-close look at Cypress Gardens' natural and cultural history. Enjoy your visit!
